

DESCRIPTION:

- Two USB ports charger, support smart IC charging, can charge for four USB devices at the same time.
- Support voltage range of DC 12-24V suitable for various cars, such as truck, SUV, off-road vehicle, bus, etc.
- Car USB charger for iPhone android and more.

SPECIFICATIONS:

Item Type: Two USB Adopter Charger

Material: Plastic

Size: 10cm*7cm*3cm

(1) USB CHARGER:

Operating voltage: DC 12V-24V

Interface: 2 USB

USB Output:

PD(30): 5V-3A/9V-3A/12V-2.5A

QC3.0: 3.6V-6.5V/3A 6.5V-9V/2A 9V-12V/1.5A

USB-A: 4.5V-12V/1.5-6.5MAX/Max40W/Max66W/Max100W

Type-C: 5V/3A

Widely used with electric equipment for power supply:

Vehicle. GPS. Mobile phone. Camera, Mp3.

(2) VOLTAGE METER:

Operating Range: DC 10-30V

WARNING:

- Never try to disassemble product;
- Keep this product away from fire;
- Do not expose the product to rain or extreme conditions;
- Please use the matching current, voltage and parameter to charge and discharge the same brand product as suggested to preferentially used in case of damages, which we will not be responsible for;
